

Juniper Networks Product Warranty

STANDARD WARRANTY POLICY

Warranty Start Date: “Start Date” as used in this policy means (i) the date this product is shipped from the manufacturing facilities of Juniper Networks, Inc. (“Juniper Networks”), or (ii) in the case of resale by an authorized Juniper Networks reseller, the date not more than ninety (90) days after original shipment of this product by Juniper Networks.

Hardware: Juniper Networks warrants that for a period of one (1) year from the Start Date, the Juniper Networks hardware purchased by customer (“Hardware”) shall be free of defects in material and workmanship under normal authorized use consistent with the product instructions. This product warranty extends only to the original purchaser. In the event that Juniper Networks receives notice during the warranty period that any Hardware does not conform to its warranty, Customer’s sole and exclusive remedy, and Juniper Networks sole and exclusive liability, shall be for Juniper Networks, at its sole option, to either repair or replace the non-conforming Hardware in accordance with this limited warranty. Hardware replaced under the terms of any such warranty may be refurbished or new equipment substituted at the option of Juniper Networks. Juniper Networks will use commercially reasonable efforts to ship the replacement Hardware within twenty (20) business days after receipt of the product at a Juniper Networks Repair Center. Actual delivery times may vary depending on the customer location.

Software: Juniper Networks warrants that for a period of ninety (90) days from the Start Date, the media, on which the software embedded in the Hardware (“Software”) is recorded, shall be free from defects in material and workmanship under normal authorized use consistent with the product instructions. The sole and exclusive remedy of the customer and the entire liability of Juniper Networks under this limited warranty shall be the replacement of the media containing the Software. In addition, with respect to Software embedded in Juniper Networks security products, application acceleration products or certain other Hardware products, as more specifically set forth on <http://www.juniper.net/support>, for a period of fifteen (15) days from the date a customer receives such Hardware product, Juniper Networks will provide the customer that purchased such Hardware product access to one (1) download of the most recent commercially-available version of Software that is embedded in such product. Customer may download the Software by going to <http://www.juniper.net/support>. This right to download extends only to the original purchaser.

Restrictions: No warranty will apply if the Hardware or Software (i) has been altered, except by Juniper Networks; (ii) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by Juniper Networks in the enclosed documentation; or (iii) has been subjected to unreasonable physical, thermal or electrical stress, misuse, negligence, or accident. In addition, Hardware or Software is not designed or intended for use in (i) the design, construction, operation or maintenance of any nuclear facility, (ii) navigating or operating aircraft; or (iii) operating life-support or life-critical medical equipment, and Juniper Networks disclaims any express or implied warranty of fitness for such uses. Customer is solely responsible for backing up its programs and data to protect against loss or corruption. Juniper Networks warranty obligations do not include installation support.

Dead On Arrival (“DOA”): For up to thirty (30) days from the Start Date, Juniper Networks will provide expedited replacement of affected field replaceable units of Hardware that fail to operate within twenty-four (24) hours of initial installation. For purposes of this DOA policy, “fail to operate” shall mean a material failure to substantially perform in accordance with the Hardware’s technical specifications and shall not include cosmetic or other deficiencies that do not materially affect Hardware performance. A new field replaceable unit will be shipped from Juniper Networks’ manufacturing facilities within two (2) business days of Juniper Networks’ receipt and validation of customer’s notification of an inoperative unit. Notification must be sent by customer via online procedures set forth below. Defective Hardware must be returned within thirty (30) days of failure, or customer pays purchase price of replacement Hardware. Non-U.S. customers should allow for additional transit time due to international customs clearance.

Hardware Return Procedures: Any defective item can only be returned if it references a return material authorization (“RMA”) number issued by authorized Juniper Networks service personnel. To request an RMA number, customer must contact Juniper Networks Technical Assistance Center (“JTAC”) via the online resource available at the URL: <http://www.juniper.net/support>. JTAC will only assist customers with online RMA processing pursuant to the terms of this warranty and will not provide any troubleshooting, configuration or installation assistance. Telephone calls to JTAC will not be accepted unless the customer has purchased a valid Juniper Networks service contract that is in effect as of the time of the call. The RMA number must be included on the outside carton label of the returned item. Transportation costs, if any, incurred in connection with the return of a defective item to Juniper Networks shall be borne by customer to the in-country location, if available. Juniper Networks shall pay any transportation costs incurred with the redelivery of a repaired or replaced item. If, however, Juniper Networks reasonably determines that the item is functional, the customer shall pay any transportation cost. If Juniper Networks determines, at its sole discretion, that the allegedly defective item is not covered by the terms of the warranty provided hereunder or that a warranty claim is made after the warranty period, the cost of repair by Juniper Networks, including all shipping expenses, shall be paid by customer.
